Export Documentation Focus

Certificate of Origin – E-zcert

As you will know it is mandatory when completing the Certificate of Origin to insert the Invoice number and date.

In the most recent upgrade to the E-Zcert system there has been an enhancement where this information is pre-filled automatically:

- There are mandatory fields that you are required to complete. (Box 6 Item Number, marks, number and description of goods)

Please do not manually type this information into any other parts of the certificate as this will lead to duplication.

For additional advice please [contact us](#).
