### British Chambers of Commerce (BCC)

The Chamber is part of a network of 53 Chambers of Commerce across the UK accredited by the British Chambers of Commerce (BCC). One purpose of the Chamber is to “influence the function of ...any governmental body”. This objective is stated in the Chamber’s ‘Articles of Association’ (see section 3a of the Chamber Memorandum of Association). We will provide BCC with your company’s email address in order for BCC to conduct research into the impact of policies on your business.

### What does the BCC do with your data?

BCC will not contact your business for any other purpose other than to notify you of an opportunity to respond to a national policy survey. Each year, BCC conducts around five surveys which directly help us develop and shape Government policy across a range of areas, including business taxation, international trade, and employment conditions. The data from these surveys are completely anonymised and aggregated so that individual responses cannot be identified. The anonymised data are then presented in closed briefings with stakeholders across UK Government, and shared publicly through BCC’s press team.

The purpose of carrying out the surveys is to produce reports, which BCC and the Chambers can then use in their activities in promoting and protecting the interests of UK businesses; in other words, they are part and parcel of the function and purpose of BCC and the Chamber.

You can contact us if you do not wish to be contacted by BCC, and you will have the opportunity to unsubscribe from BCC’s research mailing list at any point. If your or your parent company’s membership of a local Chamber has lapsed, the BCC may continue to contact you about opportunities to respond to business surveys. You can choose to opt in or out of further contact with the BCC by sending an email to:

[enquiries@britishchambers.org.uk](mailto:enquiries@britishchambers.org.uk)

I agree to be bound by the Memorandum and Articles of Association of Essex Chambers of Commerce.
